F.A.O Roger Smith

Quotation Reference: QUO/13586
Dated 23 April 2024

Location: Parish Council Main Entrance

Thank you for your enquiry for the above project, I enclose our proposal based upon the information received to date. (A final site survey will be required prior to installation to make sure all proposals are 100% feasible, this will be conducted as near to the installation as possible.)

This proposal is based upon DRS standard terms and conditions, a copy of which is available upon request. Should you wish to discuss any of these points please do not hesitate to contact us, we will gladly negotiate project specific terms and conditions.

This proposal is based upon a 1-month validation period from date of issue unless otherwise agreed.

For a “One Stop” solution to all your “Shop Front” needs, call one of our experienced engineers to provide a customised specification. DRS are on call 24 hours, 365 days a year with our;

Helpline Number 0845 226 2823

We wish you every success with this project and look forward to being of service.

If you have any questions regarding this enquiry or should you need further information, please do not hesitate to contact me.

Yours Sincerely

Andrew King
Installation Department

	Net Price	£ 2,756.31
	20% VAT	£ 551.26
	Total	£ 3,307.57

Actions prior to our installation

- Please ensure the finished floor is level throughout the installation area. In the case of swing doors this also relates to the arc of the door.
- Our proposal is based upon fitting into an opening and disposal of the existing.
- **Please provide a 230v fused spur power supply within at least 1000mm of the operator. This must be installed and working prior to our installation date.**

Additional notes

- Our current lead-time is approx. 4 weeks from receipt of order and complete specification, however, if you require a quicker response please contact us we will be happy to discuss specific deliveries.
- All making good to the floor and/or ceilings and walls if required, is to be carried out by others. This includes any concreting, plaster work, displays, fascia's, or any other areas that may abut the door frames and door operating areas
- Please ensure the appropriate alarm company is notified of the proposed installation and provisions are made for these to be in attendance to disconnect and reconnect the alarm contacts.
- A suitable alternative entrance will be required as access will be blocked for Health & Safety reasons during the period of our installation. If this is not possible then this work may need to be carried out outside of normal working hours (***an additional charge will be made***). Please make staff, visitors and members of the public, using your premises, aware that these works are being carried out.
- **Important: It is the responsibility of the customer to consult with the relevant planning authority/authorities to ensure that the proposed works do not contravene any national or local regulations that may be in force in their area especially if the building is listed. With particular attention to part M of the building regulations.**

Service

- Service and maintenance ensure the reliability of our products to continue to carry out their job effectively, DRS are on call 24 hours 365 days a year via our **Helpline Number 0845 226 2823**
- For a “One Stop” solution to all your “Shop Front” needs, call our service department to discuss providing a customised specification.
