

HEATH ROAD

Date: dd/mm/yyyy

	Condition. Good/ Satisfactory/ Poor	Action required	Immediate action required? Yes/No	Action completed to satisfaction. Yes/No	Photo before/after
Site General (to include surfaces and paths)		Previous mole hills have been flattened by the mower. However, the moles have made new mole hills across the grass.			
Sign		Ok New sign is fixed to the basketball equipment			
Gate		Person gate is closing well now - all fixed. Double gate seems to be ok			
Fence		Fence post just along from the double gates is leaning onto "our" fence, I'm not sure who that post belongs to as it is the other side of "our" fence.			
		Fence between the Playing Field and the Care Home. One post is laying down and the fence is down.			
Hedge		The fence post at the bottom corner towards the railway bridge. The fence post was laying on the ground. This post is now standing up but is not fixed into the ground.			

Bench (backless)	I can only find two benches both with backs. Both benches are ok
Bench (with back)	ok
Litter Bin	ok
Swing (2 seat, flat)	The chains still have tails hanging. The seats appear to be the correct height now. Covered in bird poo. This still needs to be rectified. Can these be cleaned ?
Swing (2 seat, cradle)	The chains still have tails hanging. Appear to be the correct height now. Covered in bird poo. This still needs to be rectified. Can these be cleaned?
See Saw	Ground work - earth still eroded away where feet land on the ground. Head and neck entrapment. Needs to be filled with fresh soil.
Multi Play (Junior)	One piece of the wooden surround is still broken. I think this looks a little worse since my last visit. Needs to be replaced. Dangerous.

Handle broken off at the top of the slide Needs to be replaced

I think there should be a rope for the climbing wall.
Needs to be replace

Basket Ball Goal

Already mentioned that the new sign is in place. Yes
Trip hazard at the front of the tarmac. Needs fresh
soil to build up the depth.
