RISK MANAGEMENT STRATEGY 2024 - 2025

INTRODUCTION

This document forms the Council's Risk Management Strategy. The objectives of the strategy are to:

- Develop risk management and raise its profile within the council
- Manage risk in accordance with best practise
- Anticipate and respond to changing social, environmental and legislative requirements

POLICY STATEMENT

Risk management is the process that is used by the parish council to address the risks associated with an event or action which will adversely affect its ability to achieve its objectives to deliver high quality public services. The failure to manage risks effectively can be expensive in terms of litigation and reputation, the ability to achieve desired targets and, eventually, on the local community's council tax bills.

The Council is aware that some risks can never be eliminated fully, and it has in place a strategy that provides a structured, systematic and focussed approach to managing risk. The emphasis should always be on eliminating or reducing the risk before costly steps to transfer risk to another party are considered.

IMPLEMENTING THE RISK MANAGEMENT STRATEGY

Risk Control – is the process of taking action to minimise the likelihood of the risk occurring and/or reducing the severity of the consequences should it occur.

Methods used will include:

- Elimination – circumstances from which a risk arises are removed so the risk no longer exists
- Reduction – control measures are implemented to reduce the impact/likelihood of the risk
- Transfer – the financial impact is passed to others
- Sharing – the risk is shared with another party
- Insuring – insure against some or all of the risk to mitigate financial impact
- Acceptance – documenting a conscious decision after assessment of areas where Council accepts or tolerates the risk

Risk Management Process – is the process by which risk will be managed:

- Risk Identification – informed decisions can only be taken by the Council if it has identified and understood the hazards and risks facing the policies and decisions it has undertaken. Risks will be identified in the Annual Risk Assessment carried out in February / March of each year.
- Risk Analysis – once risks have been identified, analysis should be undertaken as to the potential frequency of the risk and its consequences. If a risk is seen to be unacceptable then steps should be taken to ensure that the risk is controlled or a response it taken to the risk.
- Risk Prioritisation – an assessment should be made of the impact and likelihood of risks occurring and prioritised as low, medium or high.

ROLES AND RESPONSIBILITIES

Risk management is seen as a key part of the Council's role which will include:

- Establishing clear roles, responsibilities and reporting lines within the council for risk management
- Providing opportunities for shared learning on risk management across the council
- Providing risk management training and awareness sessions
- Incorporating risk management considerations into the council's management processes
- Effective communication with, and the active involvement of, employees
- Monitoring arrangements on an on-going basis
- Ensure that Internal Audit provides a scrutiny role to provide independent assurance to the council that the necessary risk management systems are in place and all significant risks are being managed effectively
- Ensure that feedback from internal and external audit is fed into the council's risk management strategy
- Ensure that the council reviews legal guidance published by NALC, on all matters relating to governance and accountability
- Ensure that Council is aware and trained to take effective action on the requirement under the General Data Protection Regulations on the documents needed to be kept in order to show that the Council is complying with the legislation.
- Ensure that the Policy & Resources Committee annually reviews the Risk Management Strategy and reviews the Insurance Schedule
- The adoption of a sound risk management approach should achieve many benefits for the parish council. It will assist in demonstrating that the parish council is committed to continuous service improvement and demonstrating effective corporate governance.

MONITORING

- Risk Management Strategy – the above document was first adopted by the Finance Committee in February 2014.
- Risk Monitoring – the risk management process must be monitored and reviewed on a regular basis to ensure that any changes to the nature of any risk have been taken into account and the risk control procedures adapted accordingly.
- The progress of the policy will be measured on:
 - Adjustments to the way in which services are delivered.

Ongoing Reviews as detailed under Future Monitoring

- Greater satisfaction of councillors, staff, volunteers, customers and visitors with the provisions made by the Parish Council.
- Reviewing this Policy - this policy will be reviewed annually as part of the parish council's continuing review of its policy documents, Standing Orders and Financial Regulations. Recommendations for change will be reported to the Parish Council.

The Policy & Resources Committee have delegated powers to carry out such reviews:

- Insurance – insurance cover for risk is the most common approach to certain types of inherent risk:
 - a) Protection of physical assets: All physical assets are insured.
 - b) Public Liability: Public Liability Insurance is in place with cover of £12,000,000. It also has personal accident liability cover for employees, members and volunteers under the above policy.
 - c) Employers Liability: The Council has an Employers Liability Insurance of £10,000,000
 - d) Loss of cash: Insured to the sum of £5,000
 - e) Fidelity guarantee: Insured to the sum of £ 500,000
 - f) Libel and Slander: Insured to the sum of £ 250,000
 - g) Office equipment: Insured to the value of £9,189.06
 - h) Personal accident: Insured to standard contingencies

- Role of Internal Audit - The Independent Internal Auditor provides an important scrutiny role carrying out audits to provide independent assurance to the parish council that the necessary risk management systems are in place and all significant risks are being managed effectively.
Internal Audit assists the parish council in identifying both its financial and operational risks and seeks to assist the parish council in developing and implementing proper arrangements to manage them, including adequate and effective systems of internal control to reduce or eliminate the likelihood of errors or fraud.
The Internal Audit Report, and any recommendations contained within it, will help to shape the operation of the parish council.
- Internal Control – Risk Management as part of internal Control - the system of internal control will incorporate risk management. This system encompasses a number of elements that together facilitate an effective and efficient operation, enabling the parish council to respond to operational, financial and commercial risks. These elements include:
 - Policies and procedures
 - Monthly reporting
 - Planning and budgeting
 - Internal Auditor (responsible for aspects of the annual review of effectiveness of internal control systems)
 - Internal checks undertaken by councillors

Schedule of the Council's internal control reviews:
